The City of Buda Teams Up With Texas Disposal Systems for a Virtual Town Hall

BUDA, TEXAS – The City of Buda is teaming up with Texas Disposal Systems (TDS) to present a virtual town hall at 6 p.m. Wednesday, Jan. 12, 2022.

Virtual town hall attendees will learn more about solid waste disposal, what can be recycled, and all of the benefits of the City’s new contract with

TDS.

To register for this town hall, please visit the City of Buda Library site or follow this link: <https://www.budalibrary.org/Activities/Activity/Detail/Virtual-Town-Hall-59>

Attending this Solid Waste and Recycling Virtual Town Hall will help participants better understand the solid waste and recycling options available to residents through the City of Buda curbside programs. Attendees also will hear how you can reduce their environmental footprints by using the bi-weekly green waste and bi-weekly recycling programs.

Additionally, the City has brought on a number of new services with TDS, including plastic bag recycling and more. Attendees will hear directly from TDS staff.

Feel free to submit recycling questions in advance to mgrau@ci.buda.tx.us.

The City of Buda is home to about 18,000 residents and has earned designations as a “Texas Main Street City,” “Tree City USA,” “Bee City Affiliate” and “Platinum-Level Scenic City.” Buda is situated along the Interstate 35 corridor in Hays County, has 14 parks and a historic downtown district where residents and visitors alike can shop, dine, relax, and *breathe easy here.*
